### BUSINESS PRESENTATION SKILLS Follow-up 2008

You made us relaxed in the stressful situation and made us believe that we can be good presenters  
– so well done! 10 points out of 10 points

In my opinion the program was very well prepared. We weren't bored and especially on Saturday  
morning so it's a great success . So 10 points out of 10.

*It was worth attending the workshop. Very helpful for my job. I learnt additional things and  
developed my presentation skills.*

Very nice interactive program with different activities, things, etc. Very nice, positive, constructive  
and involved trainer. Generally, the trainer is excellent with a beautiful smile and very good  
communication skills. . We love you 😊

It's really a very interesting program : examples, information and activities. Scheme of presentations  
very flexible as the whole evaluating part. The trainer had excellent contact with the group. Good  
pace of performance.

You gave us a lot of helpful, valuable tips and recommendations.
